

The strong rizomania resistance of clarion ensures a good yield in all locations with high rizomania pressure or resistance-breaking rizomania varieties. clarion presents itself as a leaf-healthy variety with good cercospora and very good rust tolerance. The positive characteristics of clarion are rounded off by a high yield performance in yellowing virus infestation.

Key Strengths

- Best combination of strong rizomania resistance (RzX) with leaf health
- Stable in resistance breaks
- High yield performance in yellowing virus infestation

Recommendations

„Als Sorte mit starker Rizomaniaresistenz sichert clarion die Erträge auf allen Flächen mit hohem Rizomaniadruck und auch bei resistenzbrechenden Varianten. Durch ihre gute Blattgesundheit eignet sich clarion auch für Gebiete mit hohem Cercospora- und Rostbefall.“
